YPG is using iSportsman as its site for administering hunting permits on the installation. The site provides a secure online portal for hunters to register for the free YPG hunting permit and register firearms, and features an interactive map showing the hunting areas on YPG. **As always, all persons hunting on YPG are required to have a valid Arizona Hunting License and any associated tags. All members of the hunting party must obtain a YPG Hunting Access Permit. All firearms must be registered.**

An Arizona hunting license does not give a hunter the right of entry to the Goldwater Range. A BMGR Permit must still be obtained.
